Education

St Francis Institute of Technology

Bachelor of Engineering in Computer Science

Grade: 9.02 C.G.P.A.

Honors in Cybersecurity

Grade: 9.67 C.G.P.A.

Mumbai, India

2022 – 2026

Tech Stack

- SQL
- RESTful APIs
- Auditing
- Java
- Linux
- SIEM Log Analysis
- OOPM
- Machine Learning
- Cloud Computing (AWS and Azure)

Experience

Bassein Catholic Co-operative Bank

May 2025 – July 2025

Software Intern

- Provided Level 1 application support, assisting users with form filling, data entry, and website-related queries.
- Resolved basic troubleshooting issues related to application access and validation errors.
- Learnt how to use SQL queries to retrieve, analyze, and validate data for troubleshooting and resolving user-reported issues under supervisor's guidance.

Projects

AI Content Detector (Synthetica)

March 2024

JavaScript, Python, Logistic Regression, TF-IDF, DistilBERT, Firebase

- Developed an AI-based text authentication system achieving 88% accuracy, trained on 1M+ text samples.
- Implemented feature extraction and classification logic to distinguish human-written and AI-generated content.
- Designed a responsive web interface for real-time text analysis.

Intrusion Detection System (DeepWatch)

June 2025

JavaScript, XGBoost, Firebase

- Developed a real-time intrusion detection system using machine learning to analyze live network traffic.
- Classified network flows as normal or malicious, identifying 500+ anomalous events and targeted ports.
- Built a live monitoring dashboard for threat visualization.

Extracurricular

E-cell SFIT

July 2024

President

- Led planning and execution of 10+ innovation-focused events, including 2 national-level programs.
- Managed cross-functional teams, sponsorship coordination, and strategic partnerships to increase student participation.

TEDxSFIT

January 2025

Administrator

- Coordinated operations for a 53-member organizing team, ensuring smooth communication and task delegation.
- Supported end-to-end event execution for 100+ participants, managing logistics, scheduling, and speaker coordination.

Certifications

- AWS Cloud Practitioner Essentials
- Master Microsoft Azure Fundamentals
- ISO 27001 Lead Implementer
